

**NORDIC  
CHEM**

# **NORDIC CHEM REACH & COAT**

*A revolution in the window  
cleaning industry.*

 Provides competitive advantage

 Keeps glazing & verticals cleaner for longer

 Reduces water and chemicals consumption

 Protects all vertical surfaces

## ***Nordic Chem innovation***

The Nordic Chem Reach & Coat system is a combination of a revolutionary surface coating specifically designed for vertical surfaces and exterior glass, which is seamlessly incorporated into any existing water fed pole system through our trademarked Nordic Chem retrofit kit.

Window cleaners have a tough job of cleaning vertical surfaces and in most cases after the glazing or metal work has been cleaned it is back to dirty in a matter of weeks. It is not feasible or practical to clean these exterior surfaces at the frequency required to actually keep them clean. With Nordic Chem Reach & Coat, vertical surfaces including glazing and metals, stay clean and clear between cleans and protects these surfaces to a level never before achieved by the industry. Take your building and business to the next level of clean.

- *Cleaner & brighter windows for longer*
- *Self-cleaning glass*
- *Less gasket bleeding*
- *Prevention of contamination sticking*
- *Increases customer's satisfaction rate*
- *UV protection*

CHEM

# NORDIC CHEM REACH & COAT

Switch from water to coating and back again in under 3 seconds

Extendable pole for high reach areas

Twist resistant and durable hose, connected to electric pump to apply Nordic Chem Stay Clear

Designed nozzles to minimize overspray

Durable plastic drop resistant components

Durable hose clip safety brackets

Nordic Chem Stay Clear, suitable for use with any chemical pump

## **Who we are?**

Through over 25 years of experience in the coating's market, Nordic Chem has used its extensive knowledge in the chemical field to develop coatings that will revolutionize the cleaning industry.

To ensure our coating is applied with no effort, we have designed the advanced innovative Nordic Chem Reach & Coat system.

***We are at the forefront of the smart cleaning era.***

## **PRESERVES YOUR ASSET'S INTEGRITY**

Nordic Chem Reach & Coat system and the Stay Clear coating have been thoroughly tested to ensure no performance defects, or material damage occurs on application.

The coating will protect the surfaces it is intended to be applied to without changing its texture, appearance or colour.
